Road Safety Hero: Nurul Hanizah Binti Tun Hamdzah

Nominator: Nurdhiah Binti Mohd Noor

Story:

Last Thursday, after my lunch with my colleague, I passed by a lady who happened to be helping one of our front-liner (nurse) who just finished her work shift. From what I understood, the nurse went to the restaurant to pack food for lunch when she discovered her tyre went flat when she returned back to her car. This lady, Nurul Hanizah went to the nurse to lend her electric pump. I find this as a kind gesture to help especially a stranger in need and coincidentally it is one of our unsung heroes, a front-liner who worked hard to combat the pandemic of COVID-19. This lady called Nurul Hanizah, who lend a helping hand deserves to be called a HERO.
